

## COMING SOON - NEW STUDENT ACCOUNT CENTER

We will be introducing some exciting enhancements to provide convenience and ease for our families to manage their education expenses in a one-stop, real time environment.

This is a service Marian University will provide through the Student Account Center (SAC) administered by Tuition Management Systems (TMS). This online website will allow you to receive billing statements, view up-to-the-minute account activity, make payments, and enroll in an optional semester monthly payment plan.

### **What to Expect:**

Due to federal student privacy regulations (FERPA), initial access to the Student Account Center is granted only to the student by logging in with their school credentials at [marianuniversity.afford.com](http://marianuniversity.afford.com).

After logging into the Student Account Center, the student will have access to a web page that will offer the following features:

- **Account Summary Data** – Available 24/7 with real time updates, including financial aid.
- **Account Activity** – Also available 24/7 with real time updates.
- **Statements** – **Starting Fall 2017, Marian University will send electronic statements. Paper statements will be provided for only the first statement per semester.**
- **View Available Payment Options** - including enroll in a payment plan starting on August 1, 2017, or make one-time payments by available payment methods.
- **Ability to Share Account Access** – Select “Manage Account Access” and share access with additional family members or other participants that are frequently critical partners in this process. An email with activation instructions will be sent to the invited participant.
