

Policy Name: Emergency Notification System

## Marian University Emergency Notification System

Originated Date: 2008

Review Date: 01/27/2016

Revised Date:

### **Policy Statement:**

Marian uses a mass notification system called ConnectEd that is used for broadcasting emergency messages quickly and easily. This system allows University officials to immediately notify staff, faculty and students through phone calls, e-mails, and text messages in the event of an emergency. ConnectEd is used in cases of campus closings due to weather emergencies as well.
